

COUNTRY FRESH - C233

Highly concentrated QAC disinfectant with a fresh violet fragrance

COUNTRY FRESH is a concentrated blend of QAC biocides, detergents and fragrance designed to disinfect clean and deodorise in one. Pleasant violet fragrance deodorises unpleasant odours following treatment providing long lasting freshness.

FEATURES

- Country Fresh is powerful quaternary ammonium biocide.
- Complies with the EN1276 when diluted at 1:100 (5 minute contact).
- Effective against MRSA at 1:20 dilution.
- Concentrated formula offers excellent dilution rates and economy in use.
- Pleasant long lasting violet fragrance provides long lasting odour control and freshness.
- Bleach free formula will not decolourise work wear or sensitive surfaces.

APPLICATIONS

- Country Fresh may be used to disinfect and deodorise drains, sink wastes, toilets, urinals and waste receptacles.
- May also be used to clean and sanitise floors in toilet areas, changing rooms, corridors and other communal areas.
- Suitable for application to paint, vinyl, linoleum and quarry tiled floors.

DIRECTIONS FOR USE

- Use undiluted to treat drains, sink wastes, toilets and urinals.
- Dilute Country Fresh with up to 100 parts water to clean floors, sinks, showers, fittings, and other hard surfaces.
- Apply to the surface by spray, mop, cloth or sponge.
- Allow a 5 minute contact time, agitating stubborn deposits if required.
- Rinse or wipe clean with a mop or cloth.

TECHNICAL DATA

APPEARANCE : Liquid

COLOUR : Blue

ODOUR : Pleasant violet fragrance

SOLUBILITY : Completely soluble in water

RELATIVE DENSITY : 1.0

pH-VALUE, DILUTED SOLUTION : 7.5

PACK SIZE : 5 litre

MICROBIOLOGICAL DATA

Passes EN1276 at 1% v/v dilution in 5 minutes with 0.3g/l bovine albumen as the interfering substance.

Test organisms were as follows:

Escherichia Coli

Enterococcus hirae

Staphylococcus aureus

Pseudomonas aeruginosa

Also when tested at a 1:20 dilution Country Fresh was found to be effective against MRSA following a 1 minute contact time.

USAGE PRECAUTIONS

Avoid spilling, skin and eye contact.

STORAGE PRECAUTIONS

Store in a dry place, at moderate temperatures between 5°C and 40°C.

HEALTH AND SAFETY

Health and Safety Data sheet available separately.
